Ending: Dance finishes on back wall (6 o'clock). If you want to finish in front, on last count of Jazz Box lift both heels and pivot ½ turn to the left!

*Choreographer's note: For easier movement and styling, move your upper body and torso in the direction of the steps, so that when you point your Left foot, you'll be facing the right corner, and when you point your Right foot, you'll be facing the left corner. As you start the final 8 counts, moving forward, you would face front.
